The full manufacturer's warranty is available for review here: https://www.shinnoki.com/media/files/decospan-shinnoki-warranty-worldwide.pdf Of particular importance to all users is that this is a REAL WOOD Prefinished panel. All of the beauty, and positive characteristics of real wood are an integral part of this product. Similarly, the limitations inherent in REAL WOOD products also exist. Per the Decospan warranty – please review the following: - "Discoloration, normal color and structure variation: real wood is a natural product, which deepens under the influence of sunlight. The color of the wood may either darken or lighten. This is a natural process. This is not covered by any warranty. There are no two identical trees and therefore each board is unique and has natural color and structure variations. Small marks such as but not limited to knots and mineral streaks are naturally occurring and have no effect on the quality of the wooden panels. Difference between production batches: As wood is a natural product, there will be variations. Decospan strongly advises the installer to use the	1.0000/SH	447.70/SH 447.70
